

HUMBER WORK BOATS LTD

VESSEL CONSTRUCTION & REPAIR

MARINE ENGINEERING

Humber Work Boats facility at North Killingholme Haven is equipped for new build, conversion, general repairs and refit.

VESSEL CONSTRUCTION

Humber Work Boats Vessel Construction Division concentrate on the design and build of small to medium sized steel workboats and multi purpose vessels. Vessel builds are both for bespoke customer specifications or as additions to HWB's fleet for work and potential customer assessment.

MV "ABIGAIL" NEW BUILD COMPLETED

at HWB facility at North Killingholme UK
10.10 Metre MCA Code Category 3
General Use Workboat

BASIC FUNCTIONS

Pushing - Passenger - Safety Boating - Transportation
General Use Workboat

PRINCIPAL DIMENSIONS

Length Hull (Over Bulwarks): 10.10m
Breadth Moulded (Over Bulwarks): 4.38m
Depth Moulded (Midships): 1.42m

And Built to the MCA Code of practice for the safety of small workboats & pilot boats Category 3

PROPULSION MACHINERY

1 x Mermaid Marine FPT N67 150 engine at 150bhp at 2800rpm, close coupled to a Lancing Marine PRM 750D3 gear Box with a Ratio: 2.904:1 c/w water cooled exhaust, outlet at the stern and 1 x 750mm open bronze propeller protected by a heavy skeg and fish tail rudder

Fuel Capacity: 2257L

Performance: 7.8 Knots

Steering System: Lecomble and Schmitt single cylinder 24v Hydraulic and manual steering system

Fendering: Heavy Horizontal Rubber Fender, Solid Steel Convex rubbing strake around hull/deck level and on chine

Navigation: Full set of Navigation Lights, deck floodlights and search light

Electronics: Magnetic Compass, Echo Sounder, DSC VHF, DSC MF/HF, GPS, Radar, AIS

Electrical System:

24v via 2 x 180AH battery banks with isolation, charging from engine driven 100 amp alternator c/w automatic change over

Wheel House:

Houdini windows through out to meet MCA regs, Seating for

4 plus skippers chair and Forward Console, Wheel House heating from Webasto diesel heater unit, and storage under wheel house floor

FFA:

Fire fighting appliances to comply with requirements, including deck outlet from engine driven pump

LSA:

Life saving appliances to comply with requirements for 4 crew

HUMBER WORK BOATS LTD

MV "KATY II" UNDER CONSTRUCTION

at HWB facility at North Killingholme UK

9.91 Metre MCA Code Category 3

Mooring/Workboat

BASIC FUNCTIONS

Pushing - Passenger - Safety Boating - Transportation
General Use Mooring/Workboat

PRINCIPAL DIMENSIONS

Length Hull O.A (Over Bulwarks): 9.91m
Breadth Moulded (Over Bulwarks): 3.98m
Depth Moulded (Midships) 1.20m

And Built to the MCA Code of practice for the safety of small workboats and pilot boats Category 3

PROPULSION MACHINERY

1 x Perkins Sabre M130C 96Kw (130bhp) @2600rpm, close coupled to Twindisc Gearbox and 1 x 600mm open bronze propeller protected by a heavy skeg and fish tail rudder.

Fuel Capacity: 1176L

Performance: 8-9 Knots

Steering System:

Lecomble and Schmitt single cylinder manual steering system

Fendering:

Heavy Horizontal Rubber Fender, Solid Steel Convex rubbing strake around hull/deck level and on chine

Navigation:

Full set of Navigation Lights, deck floodlights and search light

Electronics:

Handheld Compass, DSC VHF, Portable VHF, GPS/plotter/Echo Sounder

Electrical System:

24v via 2 x 180AH battery banks with isolation, charging from 2 x engine driven 60 amp alternator

Deck House Cuddy:

Accommodating Steering position and radio station, seating arrangement in engine room for 4 people

FFA:

Fire fighting appliances to comply with requirements, including deck outlet from engine driven pump

LSA:

Life saving appliances to comply with requirements for 4 crew
